Coats. We like to talk about them. They are so full of the best fashion points of the season—They so plainly represent all that is best in Woman's Tailored Garments this year that we give them first place —the place of honor. Popular prices, from **\$4 to \$32.50**

Suits. Seldom can we offer you a choice of Suits so fine, so tastefully fashioned and cleverly tailored. And the prices too—you'd best not delay as rapid selling is inevitable. Prices from **\$9.98 to \$32.50**

Skirts. The fashionable novelty fabrics—stripes and plaids and checks make most attractive Skirts when tailored "our" way. Variations of the pleated Skirt are favorites. The skirt that fits snug and smooth about the hips and flows gracefully about the feet, clearing the floor about two or three inches, is the best model for all-round service. Pertinent Points in Men's Modes

Smart Styles Are Radically Different From Any Previous Productions For Years Past.

There are many attractive style features about the new modes for men. Perhaps the most significant is the tendency toward the form fitting garment. History repeats itself and the smart styles for Fall and Winter are faint suggestions of those that prevailed in the time of Louis XV.

We invite the interest of men of particular taste in presentation of our "SINCERITY" styles. When we say form fitting, we refer to the backs of the coats.

In other respects they have the roominess which has characterized the styles for the past two seasons.

These styles are considered "swagger" and are becoming to a great majority of men.

Let us show you a few "Sincerity" styles.
